Rules and regulations

- Permit should be placed on the rear window. Exact location to be driver's side near the bottom. You may be ticketed and/or towed if the permit is placed anywhere else.
- If at any time during the semester you should change cars: remove your current permit, bring it to the office and provide us with the necessary information on the replacement car and you will be issued a new permit.
- A parking permit does not give anyone the right to park in the fire lanes, handicap, or spaces specifically marked NO PARKING. **Illegally parked cars will be ticketed and/or towed regardless of whether or not they have a permit – illegal parking consists of: double parking, parking in the fire lanes, parking on lawn areas, etc. USE OF FLASHERS WILL NOT ELIMINATE YOU FROM BEING TOWED.**
- The Apartment Store cannot guarantee the availability of an empty space for each permit holder 100% of the time. We cannot prevent unauthorized vehicles from entering the area and cannot be assured someone will not use up two spaces for one car. However, diligent enforcement will eliminate habitual offenders and maximize space availability.
- The current Apartment Store permit is valid only for the property issued and paid for.
- Lessor shall not be held responsible for damage to the lessee's vehicle. There have been instances in parking garages where leakage from above has damaged vehicles, or things have been stolen. While every effort has been made to correct this situation there is still a possibility of this happening. The lessor will not be held responsible for damage to the vehicle should this occur. Additionally, no security is provided in the parking areas and lessor shall not be held responsible for injury/damage by third parties.
- Parking fees will NOT be pro-rated or refunded.
- **It is the permit holder's responsibility to pick up new parking permits every semester.** Initial _____
